

LUIS ALEX FARFAN MOINA

JAVA BACKEND DEVELOPER

Barcelona 08940, Spain | farfan.luis.alex@gmail.com | 658648111 | [LinkedIn](#)

SUMMARY

Backend developer with a Physics degree, bringing strong analytical and problem-solving skills. Specialized in Java, Spring Boot, and Spring Batch, with experience in batch process optimization, Kafka integration, relational databases, CI/CD (Jenkins, GitHub Actions), Docker, AWS cloud services, and scripting with Python and R. Proven ability to deliver robust, scalable backend solutions in both modern and legacy enterprise environments.

PROFESSIONAL EXPERIENCE

Java Developer, Knowmadmood Oct 2021
Barcelona

- Designed and optimized **Spring Batch** processes to migrate large volumes of broker data during the **Generali-Liberty merger**, ensuring data consistency and reliability.
- **Led the adaptation of a legacy system** to German and English, **coordinating a small team** to enable end-to-end policy issuance flows in multiple languages.
- Improved application performance by up to **70% by optimizing database access** and implementing **caching strategies**.
- Developed and maintained **RESTful Java APIs** for lead data management and validation, including email validation with Deyde, tax ID validation with the Spanish Tax Agency (AEAT), and XML file translation workflows integrated with the DeepL API.
- Identified and resolved **critical security vulnerabilities** raised during a pentesting audit, including secure file upload validation and file format restrictions.
- Conducted detailed **data quality analyses**, identifying duplicate records, tracing root causes, and delivering actionable findings to audit stakeholders.
- Automated operational tasks using **Python, PowerShell, and JavaScript** scripts for file handling and database operations.
- Built **automated testing solutions** for key business flows, including quotations and policy issuance, using **Selenium (Java)** and **Playwright (Python)**.

Spanish Teacher, La Mancha. Centrum języka hiszpańskiego Jul 2020 to Jul 2021
Gdańsk, Poland

- Delivered **Spanish language lessons** to adult learners, adapting content to different proficiency levels.
- Developed **strong communication and presentation skills** in a multicultural environment.
- Designed learning materials and structured sessions to improve engagement and knowledge retention.

EDUCATION

Universitat Autònoma de Barcelona 2021
Bachelor's Degree in Physics, Cerdanyola del Vallès
Strong analytical background with focus on problem-solving, data analysis, and mathematical modeling.

Amazon Web Services 2025
AWS Certified Cloud Practitioner
Credential: https://www.credly.com/badges/bb334f7d-269e-457c-80f9-c22e0168c1a8/public_url

AREAS OF EXPERTISE

- | | | | |
|----------------|------------------|----------|--------------------|
| • Java | • Docker | • Redis | • AWS |
| • Spring Boot | • GitHub Actions | • SQL | • Git |
| • Spring Batch | • REST APIs | • DB2 | • MySQL/PostgreSQL |
| • Kafka | • JUnit | • Python | • R |
